Please let the loop dry before riding after a big storm. Flow trail is closed during rain storms and for 3 days following a heavy rain to avoid erosion.

Bikes must stay on singletrack. The center of Camp Tamarancho and all fire roads are closed to bikers.

7. **Ride in Control**

Trails are heavily used by cyclists as well as hikers. Be aware of other users. There is two-way traffic. Uphill riders have the right of way.

8. **Don't Skid on Downhills or Switchbacks**

Skidding causes ruts and trail erosion!

Report hazards, violations, or misuse to the Marin Council, BSA, at 415-454-1081, or to the Camp Ranger inside the camp, or message on the FOT Tamarancho page.

TIPS & INFO

Avoid oncoming traffic, especially during peak weekend hours, by riding the trail loop in a clockwise direction.

Trails are rated "advanced/intermediate." They are not suitable for beginners.

From farther out Sir Francis Drake Blvd., take the dirt route to the camp loop via the White Hill Porcupine Trail.

We say, "When it rains, let it drain." Ride somewhere else after a big rain, and let the trails dry out for a couple of days.
